

Mothers' Day

 MONROVIA®

Grow Beautifully

Protective

Purple Queen® Bougainvillea

Perfectly yin-yang combo of tumbling waves of pretty, tender, deep-purple blooms with, just like a mom, protective “don’t mess with me” thorns. Makes an ideal privacy screen for fences or arbors.

CARE: Provide average to lean, fast draining soil. Use caution not to damage roots when planting. Water deeply and regularly during the first growing season to establish an extensive root system. Once established in the landscape, reduce frequency; water container plants regularly, when top 3 in. Of soil are dry. Feed in spring. Pruning time: spring.

You're the perfect combination of tough and tender.
THANKS FOR ALL THE LOVE!
