## Graceful

### **Double Weeping Rosebud Cherry**

Spectacular in spring when it is dripping with fresh, millennial pink-hued spring blooms, the weeping form mirrors Mom's enduring grace and elegance throughout the year. Use as a focal point or in pairs flanking a walkway.

---

**CARE:** Prefers slightly acidic, moist, well-drained soils. Water deeply and regularly during the first growing season to establish an extensive root system; reduce frequency once established. Apply fertilizer before new growth begins in spring. For a tidy, neat appearance, prune annually to shape.

You never cease to amaze me  
with the grace you exhibit under pressure.

THANKS FOR BEING SUCH  
AN AMAZING MOM!
